HORIZON 2020
LE PROGRAMME DE RECHERCHE ET D'INNOVATION DE L'UNION EUROPÉENNE

Objectives

The **IMPULSE research project**, with its **six pilot experiments** in **public administrations** in five different countries, aims to develop a **method** for assessing **eID management** when accessing public services online, using **AI** and **blockchain**.

- **Evaluation**: benefits, risks, costs & limitations
- **Impacts**: socio-economic, legal, ethical, operational
- **Policy & Regulations**: GDPR, eIDAS Regulations, Existing national e-identity systems and standards

Main results

A framework for a **holistic integration** of **AI** and **Blockchain** technology for **public services**.

Actionable **roadmaps** for the **adoption**, escalation and sustainability of advanced **eID technology**
